HISTORICAL SKETCH.

It is now twenty-nine years since the American Missionary Association opened the school which has since been chartered as Talladega College. A large brick building, which had been erected in 1852-3 for school purposes, costing \$23,000, and standing on a choice, elevated campus, together with about twenty acres of adjacent farm land, was purchased in 1867, and school began that autumn with more than one hundred pupils in attendance. Of necessity they were all in the rudiments of learning, and the future college began as a primary school. The building is called SWAYNE HALL, in honor of General Swayne, who made the purchase, the American Missionary Association and the Freedman's Bureau together supplying the funds. The Chapel, Library, Museum, Treasurer's Office, and School and Recitation Rooms, at present, are in this building.

In 1868 a church was organized, and August 7, 1869, the cornerstone of a girls' hall was laid. As a testimony to the generosity of Rev. Lemuel Foster, of Blue Island, Ill., this building, which is of brick and cost about \$22,000, is called FOSTER HALL. It has a choice location and contains parlors, dining-room and kitchen for all boarders, and rooms for about fifty teachers and pupils.

Theological instruction was begun with a class of six young men, representing three Christian denominations, in 1872, five years from the opening of the school. In the following year a two-story house and about five acres of land, lying adjacent to the other College property, were bought for the Theological Department. This was the gift of Mr. R. R. Graves, of Morristown, N. J., and is called GRAVES HALL. It contains the Theological Library and Recitation Room, and is also used as a residence for one of the professors.

Winsted farm, of one hundred and sixty acres, less than a mile from the College buildings, was bought in 1877, mainly by Connecticut donors, and named after the town giving the largest amount. The Newton farm, of fifty-seven acres, which connects Winsted with the other College lands and in itself is very desirable property, is the gift of Dr. Homer G. Newton, of Sherburne, N. Y., and was purchased in 1887. Some small additions have been made since, and the real estate of the College is now more than 270 acres, much of it valuable, and all of it useful for buildings, gardens, farm, forest or pasture.

STONE HALL, the third brick building and used as a dormitory

for teachers and young men, was built in 1881 from funds furnished by Mrs. Valeria G. Stone, of Malden, Mass. The same year the other brick halls, SWAYNE and FOSTER, were thoroughly repaired; a new house, also of brick, built for the President; and the following year two other houses were secured for the use of instructors, the larger of which, with four acres of land, was the gift of Mr. Seth Wadhams, of Elmhurst, Ill. In 1883, by the contribution of Mr. J. H. Cassidy, of Thiels, N. Y., a two-story school house was built for Primary and Intermediate pupils, which was enlarged by a second contribution from Mr. Cassidy in 1887. In 1884, by the aid of "The John F. Slater Fund," a shop was built, and enlarged four years later. Seven years ago a laundry, and more recently two other residences for instructors, were built; so that now the College has two school buildings, a hall for young women, another for young men, seven houses for teachers, with shops, printing office and other facilities for industrial teaching. The property of the College, exclusive of endowments, is valued at \$127,966.50.

The College is Christian, though not sectarian. It is without State aid, and its resources at present are from the income of about \$137,000 of invested funds, and the gifts of the benevolent, mainly through the American Missionary Association. It is open to all the worthy, but is not a reform school, and triflers and those whose influence is deleterious are not tolerated. In all its work, whether industrial, higher or lower, it aims at thoroughness, and is now doing more than ever before in Theological and Collegiate studies, giving a substantial and symmetrical Christian education.

COURSES OF STUDY.

From necessity, the work of the College began with the fundamental branches, and while the higher studies have been added, the preliminary instruction has never been given more thoroughly than now. In the Cassidy School superior advantages are afforded for Primary and Intermediate instruction. In this building, also, is the Model School, under competent and experienced teachers. Students in the Grammar and higher courses have study and class rooms in Swayne Hall. The preliminary course, of eight years, is as follows:

There are three courses of study:

I. THE CLASSICAL COURSE.

This course includes the study of the Bible in the original Hebrew and Greek tongues. Graduates from this course possessing the adequate literary qualifications receive the degree of Bachelor of Divinity.

The course of study is as follows:

JUNIOR YEAR.

PASTORAL THEOLOGY—Pastoral Visiting and Catechising; Religious Character and Habits of the Pastor; His Intellectual Character and Habits; Social and Professional Character;—one term.

II. THE ENGLISH COURSE.

This course of study is the same as the first except in one respect—it omits the study of the original tongues of the Bible. It is designed for those who for want of time or of taste in this direction do not wish to pursue the study of the Bible in the Hebrew and Greek languages. Those who complete this course receive a Diploma.

III. THE BIBLE-TRAINING COURSE.

This course has been arranged with special reference to the needs of those who have not had the advantages of school in early

life. There are also many ministers who have been preaching for some years, who feel their need of a better knowledge of the Bible. There are many others who prefer a more full and exact knowledge of the Bible to much that is included in other courses. To all these the Bible-training course will prove a great blessing. Nothing will so fit them for their work as a thorough study of the English Bible.

The course of study is as follows:

FIRST YEAR.

THE BIBLE—Five lessons a week.

INTRODUCTION—Divisions; Names, History, Chronological Order, Literary Character and General View of the Contents of each Book; Inspiration; Principles of Interpretation; Hebrew Poetry; Prophetic Language and Symbolism—six weeks.

THE GOSPELS—Peculiarities and Analysis of each; Harmony; The Life of Christ, His Person, Character, Claims, and Doctrinal and Ethical Teachings;—eight weeks.

RHETORIC—Four lessons a week.

PHYSIOLOGY—Four lessons a week.

BIBLICAL GEOGRAPHY—One lesson a week.

Students who have finished Rhetoric and Physiology before beginning this course will take, in the place of them, other studies selected, with the approval of the Faculty, from the Normal or Classical Course.

SECOND YEAR.

THE BIBLE—Five lessons a week.

THE OLD TESTAMENT—To be studied as history and literature, with special reference to the development in experience, institutions and prophecy, of Ethical Conceptions, Doctrines and the Plan of Salvation. Careful analytical study of several books.

BIBLICAL THEOLOGY—Two lessons a week. Topical study of the teachings of the Bible concerning the Being and Attributes of God, the Nature of Man, Sin, Repentance, Faith, Prayer, Atonement, Regeneration, Justification, Sanctification, the Work of the Holy Spirit, and the Future Life.

PASTORAL THEOLOGY AND SOCIOLOGY—Two lessons a week.

MENTAL SCIENCE—One term.

MORAL SCIENCE—One term.

EVIDENCES OF CHRISTIANITY—One term.

The students in all the courses receive instruction in the follow-

ing: Voice Culture; Reading of Bible and Hymns, Homiletical Practice; Methods of Conducting Prayer Meetings; Missions; Benevolent Societies; Evangelistic Work; Music, one hour each week.

Tuition and the use of the Library are free.

Most of the theological students perform mission work in the surrounding country, for which they receive a small compensation, thus enabling them to continue their studies without becoming involved in debt.

The Macedonian, Missionary Society, organized in 1887, meets twice a month for literary and religious purposes, and does much valuable work in the adjacent regions.

DEPARTMENT OF METHODS AND PRACTICE.

The Department of Methods and Practice is presided over by a teacher of experience and ability. The members of the Senior Normal Class have charge of classes in the Cassedy School, and teach daily under the supervision of their critic. It is believed that Talladega College affords facilities for the training of teachers second to none in the South.

County Superintendents of Schools, and others desirous of obtaining teachers from this institution, will favor their own interest by so arranging the sessions of the public schools as to have them occur during our summer vacation.

Students of this institution, who by their instructors may be considered qualified for teaching, will be furnished certificates stating their qualifications and standing. As a means of protection from imposition, applicants for schools, claiming to be from Talladega College, should be required to present such certificate.

DEPARTMENT OF MUSIC.

Excellent advantages are offered for study and drill in both vocal and instrumental music.

The branches taught are Piano, Cabinet Organ, Voice Culture, Harmony and Musical History.

A Teachers' Course, embracing a prescribed list of Studies, Harmony and Musical History, has been adopted. The time required for its completion will depend on the acquirements of the pupil on entering, diligence in study and time devoted to practice daily.

The course in Voice Culture comprises a thorough knowledge of the arts of Respiration, Tone Formation and Production, Enunciation and Expression. In this as in the Instrumental Course Harmony and Musical History are required.

A Teacher's Certificate will be given to those completing either of the above named courses.

Special attention is given to vocal music. Instruction begins with Kindergarten songs in the Primary grade; syllable reading and notation are taught to the other grades in the Cassedy School as well as in the Grammar, Normal and College Preparatory Departments.

In addition to the regular vocal classes in the various grades, there is an evening class devoted to more advanced work.

During the year the pupils who are sufficiently advanced are expected to participate in public recitals, and they also have an opportunity to perform at monthly lectures and rhetorical.

DEPARTMENT OF INDUSTRIAL EDUCATION.

Manual labor has been a feature from the beginning, and with the growth of the College new facilities for industrial training have been added. Instruction is now given, both to young men and women, in varied kinds of handicraft. The object is two-fold:

FIRST—To give practical instruction in the best methods of doing work.

SECOND—To enable worthy students to pay in labor a part of their expenses, thus developing in them a spirit of self-reliance.

Instruction in Carpentry for boys extends through the Fifth, Sixth, Seventh and Eighth Grades. Into the Junior Preparatory year Architectural Drawing is introduced. In the Middle Preparatory and Second Normal years instruction is given in Agriculture and Horticulture.

Graded instruction in Sewing, beginning with plain needle-work and including the Cutting and Fitting of Garments, is given to the girls from the Third to the Seventh Grade inclusive; instruction in Cooking, in the Eighth Grade; in Nursing, with special instruction in Hygiene, during the Junior and Middle Preparatory and First two Normal years.

AGRICULTURE.—The College farms, garden and orchard, about 270 acres in all, are under the supervision of an Agricultural College graduate, and give an excellent opportunity for practical instruction.

THE TRADES.—In the Slater Shop, under a skilled mechanic and architect as Superintendent, students become acquainted with carpentry, cabinet-making, architectural drawing, painting and glazing, and to some extent with blacksmithing. In this building is the printing office.

A shoe shop, in which repairing is done, is located in the basement of Stone Hall.

GIRLS' INDUSTRIES.—A well-arranged sewing room, and a laundry with modern appliances, are valuable adjuncts to our industrial resources. Practical lessons are given in housekeeping, dining-room and kitchen work; while instruction in cooking receives due atten-

tion. An experienced nurse, apart from personal care of the sick, has a class in training as assistants in this specific work.

Industrious young people of good character, without money, but desirous of obtaining an education, can usually find employment on the farm, in the laundry or boarding hall, until they have earned enough to enable them to attend school a part or all of the year. Quite a number have begun their course here in this manner. They have all the privileges of the family, and study in the Night School.

Blank applications will be mailed to any one who desires to enter the Department of Industries.

LITERARY SOCIETIES.

The students sustain three literary organizations: the Ciceronian and Philomathian for young men, and the Vesperian for young women. Besides the training of the societies, public rhetorical exercises are held in the chapel under the direction of the Faculty.

LIBRARY, APPARATUS AND READING ROOM.

The Library occupies a fine room in Swayne Hall and contains about 4,200 volumes. It is increasing in value, and a small sum has been secured for its support. It is accessible to all without cost. In addition to this, the Theological Department has a library of over 2,000 volumes.

The College is in possession of a small philosophical apparatus, and a museum. Several hundred valuable specimens have been received recently, including a choice collection of New York minerals, from Dr. Henry B. Nason, of the Rensselaer Polytechnic Institute. Valuable additions have been made both to the apparatus and to the museum during the last year. Excellent facilities are afforded for the teaching of science.

A Reading Room, open to students, is found in both Stone and Foster Halls.

PRIZES.

Prizes, in the form of Free Tuition, are given to students in the Grammar Department, for excellence in declamation, and in the higher departments for original essays and orations. Two prizes, of ten and five dollars each, established by Rev. J. M. Whiton, Ph. D., of New York, may be awarded annually for essays on some theme in History, Philosophy or Literature. The prizes were made available in 1888, and this year the first prize was awarded to Stephen A. Bennett, and the second prize to David Wilder.

LECTURES.

Monthly, during the school year, alternating with society exercises and social gatherings, lectures on literary and practical subjects are delivered by members of the Faculty, and others from abroad.

ALUMNI MEETING.

By a recommendation of a committee appointed the previous year, an Alumni Association was organized at the College Commencement in 1882. This Association has an annual meeting. It seeks to perpetuate acquaintance and strengthen fellowship by reunions and correspondence, and it also nominates some of its number to share, under the direction of the Faculty, in the exercises of Commencement.

REV. HENRY SWIFT DeFOREST, D. D.

DIED JANUARY 27TH, 1896.

**RESOLUTIONS BY THE INSTRUCTORS AND OFFICERS
OF THE COLLEGE.**

The God and Father of us all having, in His inscrutable, but, we believe, loving and wise Providence, seen fit to visit us and take from among us our President, Rev. Henry S. DeForest, D.D.

We hereby record our belief that in his death this College has lost a sincere and earnest friend, constantly and deeply interested in its welfare; an able and efficient presiding officer; a skillful and wise teacher.

We recognize with gratitude his great services to this Institution, and in particular his fruitful efforts to place it upon a firm financial foundation.

We commend to those here under instruction the remembrance of the helpful words of practical wisdom which daily fell from his lips, and the imitation of the life he lived among us of sturdy honesty and high purpose.

Assuring them of our deepest sympathy, we commit his sorrowing family to the infinite compassion and care of Him who never forsakes the widow and fatherless in their affliction, trusting Him to make clear their pathway before them and brighten it with the blessings of His grace.

We rejoice in the glorious hope that our departed leader having put off the weakness of this mortality has been exalted to eternal service in the presence of the King Whose face he now beholds in peace.

RESOLUTIONS BY THE STUDENTS OF THE COLLEGE.

WHEREAS, It has pleased Almighty God to take to Himself His faithful servant and follower, Rev. Henry S. DeForest, D.D.; and,

WHEREAS, Being the head of this Institution, and possessing a great love for our race, it becomes fitting that we record our tribute of respect in memoriam:

RESOLVED, That in his death Talladega College has lost an efficient leader, the students thereof a fatherly adviser, and the race an advocate whose soul burned with the desire for their Christian advancement.

RESOLVED, That, with sympathy for the bereaved family, we commend them to Him who has taken their loved one from them, and in this hour of trouble to look up into the face of Him "Who doeth all things well."

GENERAL INFORMATION.

AIMS.

The advantages and privileges of the Institution are offered to all of either sex, without regard to sect, race, color or nationality.

It aims to furnish a thorough education, under the best methods of instruction, in a range of studies sufficiently wide to secure a substantial preparation for professional duties, teaching, or general business.

It aims to secure the best development of social character, by bringing students of both sexes, from various localities, under the same general discipline, occupying separate buildings, yet constituting one family; associating in school and religious exercises, and under the constant oversight of the teachers.

Above all it claims to be an institution of Christian learning, and its highest object is to develop character. It stands upon the broadest possible basis and is in no respect sectarian.

It is designed to make the Institution, as far as possible, a home for those who attend. Parents and guardians may rest assured that any youth placed under the care of the instructors will be their special charge, and that at all times the rules of good conduct will be enforced.

MEMBERSHIP.

For membership in the College, applicants must have good moral character, and must present satisfactory testimonials. Students from other schools should bring certificates of honorable dismissal.

No new students who are below the Fifth Grade in their studies, will be received into the boarding halls. The Faculty, however, reserve the right to control the boarding places of all non-resident students and to exercise supervision over them.

Application should be made at least one month before the beginning of the school year.

Students should be present on the first day of the school year, and continue, if possible, to the end. A delay of a few days will hinder the student during the entire session.

Students from a distance should arrange their journeys so as not to arrive on the Sabbath. The College aims to be thoroughly

Christian, and reverences the Lord's day. Trunks will be transferred to and from the depots free of charge only on the day before the opening and the day after the close of the term.

Students in regular classes lose their membership when absent one month; while absence without leave may forfeit the pupil's right to membership in the Institution.

Those who have not a fixed purpose to improve their minds, and an earnest desire to fit themselves for usefulness, should not seek admission, as the presence of such is not tolerated.

Each student should bring a Bible; it is needed for private reading, for Sunday-school, and for the weekly Bible lessons.

All should be provided with warm clothing. Each young lady should bring water-proof, rubbers and umbrella.

All needed text-books can be bought at cost at the College.

BILLS ARE TO BE PAID PROMPTLY. Students who fall behind in their accounts a half month are liable to suspension from recitations until they pay, or make other satisfactory arrangements.

All old accounts must be settled before entering school for another year.

Upon arrival, students are expected to deposit their money with the Treasurer.

No one unable to pay in full, and hoping to secure aid, or to pay in part by labor, should come without previous correspondence and express permission.

Remittances in payment of bills should be made by money-orders, drafts, in registered letters, or by express. Make money-orders and drafts payable to the Treasurer, and address all moneys to him; receipts will be promptly returned.

REGULATIONS.

Students, as far as possible, are taught self-control, appeal being made to their own sense of justice, propriety and honor, and they are understood, on entering, to pledge themselves to obey all the regulations of the Institution.

It is the aim of the Institution to promote good scholarship and Christian character, and the following regulations have been adopted:

Students are not allowed to use intoxicating liquors, or tobacco in any form.

All profanity, playing cards or billiards, and everything of an immoral tendency, are strictly forbidden.

Keeping or using fire arms on the premises is forbidden.

Cleanliness of rooms and person, good order and fidelity to duty are required.

Students will not throw articles from the windows of any College building, and will deposit ashes, papers, etc., in the appointed places.

Students will be held responsible for damage done by them to College property.

Only plain, simple and healthful clothing is to be worn. Expensive dress will not be allowed at Commencement, and parents are requested not to furnish it.

A long experience proves that much evil comes from students receiving food from home. Friends will please not send it.

Regular and punctual attendance upon all hours of study and recitation is required.

Students are required to attend punctually the following religious exercises: Church service and Sabbath-school on the Sabbath; daily prayers at their boarding places, and in the morning at the

chapel or school-room. There are other services at which attendance is optional, although it is earnestly desired, and is very general. These are the services of the Missionary Societies, Mission Sabbath-schools, Class and General Prayer Meetings, the Young People's and Junior Societies of Christian Endeavor, and the Young Men's Christian Association.

WANTS.

Without State aid, and relying entirely upon the gifts of the benevolent, the College has many needs. These may be summarized as follows:

1. APPARATUS AND MUSEUM.—The College is in need of additions to its Mineralogical Collection and Physical and Chemical Apparatus.

2. LIBRARY.—A few class-mates and college friends of the President have begun an endowment known as the "Yale Library Fund of Talladega College." As yet the fund is small, and its increase is earnestly desired.

3. STUDENT AID.—The charges for board and room are made as small as possible, yet many require some help. This aid is extended only to the worthy, to some extent is paid for in work, and perhaps there is no surer or quicker way of doing good than by thus helping some promising student into a life of usefulness.

4.—LARGE SUMS FOR THE INDUSTRIAL DEPARTMENT.—No instruction among the Freedmen is complete that does not sedulously care for industry. Skilled labor is rare, and the hand as well as the head requires careful training. After moral and hygienic instruction, nothing is more essential than lessons in labor and economy. The College farm needs buildings, implements and fences. The Slater shop should be supplied with additional tools, and the printing office with a small press and new type.

5. ENDOWED SCHOLARSHIPS.—The following have been secured, and more are greatly desired:

For Theological Students—

The R. R. Graves Scholarship of \$5,000, established in 1882, from the estate of R. R. Graves, Morristown, N. J.

The Stone Scholarship of \$1,000, established in 1883, by Mrs. Nancy M. Stone and Miss Abbie Stone, of Jefferson, Ohio.

The John and Lydia Hawes Wood Scholarship of \$1,000, established in 1886, by Rev. John and Lydia Hawes Wood, of Fitchburg, Mass.

The H. B. Lincoln Scholarship of \$1,000, established in 1886, by H. B. Lincoln, of Worcester, Mass.

For other Students—

The William Belden Scholarship of \$1,000, established in 1882, by William Belden, of New York.

The Wm. C. Luke Memorial Scholarship of \$434.26, established in 1882, by friends of the late Wm. C. Luke, of Canada.

The E. A. Brown Scholarship of \$709.25, established in 1886, by E. A. Brown, of North Bloomfield, Ohio.

The C. B. Rice Memorial Scholarship of \$380, by friends of the late C. B. Rice, of the Piedmont Congregational Church, Worcester, Mass.

The Barzillai Swift Scholarship of \$3,000, established in 1893, by devise of Mrs. Martha G. Swift, of Mansfield Centre, Conn.

The Ann E. Atkinson Scholarship of \$500, established in 1894, by Mrs. Ann E. Atkinson, of Moline, Ill.

6. AN ENDOWMENT FOR SALARIES AND GENERAL EXPENSES.—A stable institution must have a constant income, and while the College needs to enlarge, it is in still greater need of invested funds to meet current expenses. In this a beginning has been made, giving promise of greater things yet to come. By gifts or legacies the following named persons have contributed to the endowment fund:

Mr. Benjamin DeForest, of Hartford, Conn.

Dr. John DeForest, of Watertown, Conn.

Mrs. A. L. Nourse, of Geneseo, Ill.

Mrs. H. T. Judd, of Cedar Falls, Iowa.

Dr. Horatio Bryant, of Independence, Iowa.

Mr. C. B. Erwin, of New Britain, Conn.

Mr. J. Henry Stickney, of Baltimore, Md.

The aggregate of these different gifts, the interest only of which is used year by year, is small when compared with even the present necessities of the College. But future growth will require an enlargement of resources which should be secured by permanent investments. Endowment is an urgent necessity, and while some give themselves to this good work, it is hoped that others will provide the needed means. Gifts and legacies for this purpose can be made to the American Missionary Association, in trust for the College; or if any prefer to help the College directly, this can be done. The College is a chartered institution, and its corporate name is "Talladega College, Talladega, Alabama."

LOCATION.

This institution, founded and sustained by the American Missionary Association, is at Talladega. Situated among the Apalachian foot hills, on the Southern, the Louisville & Nashville, and the Birmingham & Atlantic Railroads, it is easily accessible from all parts of the State, and is so far removed from the great cotton belt as to escape the more intense heat and malaria of that region. The buildings, shaded by trees, stand on high ground, about half a mile from the village.

In the vicinity of coal fields, surrounded by hills filled with iron, in the midst of a rapidly increasing population, with clear air and pure water, Talladega College is not surpassed in advantages of location and beauty of scenery by any institution in the South.

It is the first College open to colored people in the State, and in Alabama alone it has a constituency of 700,000 from which to draw its students. Its fields, its location, and its possibilities are all that could be desired. Hitherto its work has not been small; its need and opportunities were never greater than now.

ADDRESSES.

Letters of inquiry upon any subject connected with the College will be gladly received and answered. Financial letters should be addressed to

Treasurer.
