Above all it claims to be an institution of Christian learning, and its highest object is to develop character. It stands upon the broadest possible basis and is in no respect sectarian.

The Institution is designed to be, as far as possible, a home for those who attend. Parents and guardians may rest assured that any youth placed under the care of the instructors will be their special charge, and that at all times the rules of good conduct will be enforced.

LOCATION.

This Institution is located at Talladega, a town of historic interest. It is also an educational center, having schools of advanced grade for white and colored, and also the state institutions for deaf and blind. It is among the foot-hills of the Blue Ridge mountains, has an elevation of 600 feet above the sea level, is noted for its beautiful scenery and healthful climate, while good railroad facilities make it easily accessible from all parts of the state. Surrounded by a wealth of iron and timber, adjacent to the coal deposits of the state, and having a number of profitable manufactories in operation, it is also becoming a place of industrial importance. It is less than 100 miles from the center of the Negro population of the United States and about the same distance from the heart of the great black belt of the South.

Alabama is one of the states where the blacks are increasing faster than the whites.

The College has a beautiful location. The buildings, surrounded by trees, stand on high ground about half a mile from the city.

It is the first college open to colored people in the state, and in Alabama alone it has a constituency of 800,000 from which to draw its students. Its fields, its location and its possibilities are all that could be desired. Hitherto its work has not been small; its need and opportunities were never greater than now.

FOSTER HALL—Girls' Dormitory and General Boarding Hall.

GENERAL INFORMATION.

MEMBERSHIP.

Applicants for membership in the College must present satisfactory testimonials of good moral character. Students from other schools should bring certificates of honorable dismissal.

No new students who are below the Fifth Grade in their studies will be received into the boarding halls. The Faculty reserves the right to control the boarding places of all non-resident students and to exercise supervision over them.

Application should be made at least one month before the beginning of the school year.

A few young men and women are received each year who spend the day working on the farm, in the laundry or boarding hall, and attend the night school. They enjoy the same privileges and are under the same regulations as other boarders. They are received on one month's trial, and if accepted may be required to enter into formal contract with the College as to character of work, length of service and credit. **LABOR CREDITS ARE NOT PAYABLE IN CASH**, but are held in trust to meet future College bills. Application blank will be mailed to any one who desires to enter the Institution under such an arrangement. **NO ONE BELOW THE FIFTH GRADE IN STUDIES WILL BE RECEIVED.**

Students should be present on the first day of the school year, and continue, if possible, to the end. A delay of a few days will hinder the student during the entire session.

Students from a distance should arrange their journeys so as not to arrive on the Sabbath. The College aims to be thoroughly Christian, and reverences the Lord's day. Trunks will be transferred to and from the depots free of charge only on the day before the opening and the day after the close of the College year.

Students in regular classes lose their membership when absent one month; while absence without leave may forfeit the pupil's right to membership in the Institution.

Those who have not a fixed purpose to improve their minds, and an earnest desire to fit themselves for usefulness, should not seek admission, as their presence will not be tolerated.

Each student should bring a Bible; it is needed for private reading, for the Sunday-school, and for the weekly Bible lessons.

CLOTHING FOR YOUNG WOMEN.

Each young woman coming into the College boarding halls must bring rubber over-shoes, rain-coat and umbrella.

Young women are also required to wear plain hats (the only trimming to be a plain band), waists and skirts of navy blue cotton and serge, and gingham underskirts. Plain white waists and skirts may be worn in their season.

Health waists, not corsets, are permitted.

A circular, with sample of goods, describing method of making the uniform suits, will be mailed to applicants by addressing

It is the aim of the Institution to promote good scholarship and Christian character, and the following regulations have been adopted:

Students are not allowed to use intoxicating liquors, or tobacco in any form.

It is designed for those who, for want of time or of taste in this direction, do not wish to pursue the study of the Bible in the Hebrew and Greek languages. Those who complete this course receive a Diploma.

III THE BIBLE TRAINING COURSE.

This course has been arranged with special reference to the needs of those who have not had the advantages of school in early life. There are also many ministers who have been preaching for some years who feel their need of a better knowledge of the Bible. There are many others who prefer a more full and exact knowledge of the Bible to much that is included in other courses. To all these the Bible Training Course will prove a great blessing. Nothing will so fit them for their work as a thorough study of the English Bible.

The course of study is as follows:

DEPARTMENT OF MUSIC.

Excellent advantages are offered for study and drill in both vocal and instrumental music, and a certificate is given to those completing the course.

Singing lessons are given in all the grades; the Educational system of charts and readers being used. In addition to the regular singing classes there is a chorus class devoted to more advanced work.

During the year the pupils who are sufficiently advanced are expected to participate in public recitals, and they also have an opportunity to perform at monthly lectures and rhetorical.

MODEL BARN.

AGRICULTURE.

The College farm, gardens and orchards, about 800 acres in all, under competent supervision, and employing pupils through a wide range of classes, give excellent opportunities for practical instruction in this useful industry. A number of young men are received every year upon the farm—working during the day and attending night school. Others—members of the Middle Preparatory and Senior Normal Classes—receive theoretical instruction in the following subjects:

Soils, Drainage, Irrigation, Crops—their cultivation, rotation, harvesting and storage; Live Stock, Farm buildings, Horticulture, Agriculture, Poultry Raising, Farm Economy.

PRINTING.

The College maintains a small printing office, adequate for the preparation of much of its job work, and from which during the College year two monthly papers are issued, called *THE COLLEGE RECORD* and *THE STUDENTS' IDEA*.

FOR YOUNG WOMEN.

In arranging industrial courses for the young women, the College has had in mind the preparation of its pupils for the supreme art of living. The beautiful structure known as *FOY COTTAGE* stands for the development of those arts which contribute to the making of an ideal home. It is provided with ample, modern accommodations for housekeeping. Groups of College girls take up their abode in this cottage for fixed periods of time, during which they do their own housekeeping and marketing. Moreover, there are spacious rooms fitted up with the necessary appliances for giving practical instruction to large classes in sewing, dressmaking and cooking.

SEWING AND DRESSMAKING.

The course in Sewing is for girls from the Third to the Seventh Grade, inclusive, and is substantially as follows:

Use of sewing implements; plain stitching. Button-holes, hemming, gathering, making plain garments. Darning, patching, plain garments. Fancy stitches, ruffles, tucks, children's clothing, cutting by pattern, dressmaking.

COOKING.

The Eighth Grade pupils are taught this needful art. They consider Food, its definition and use; the elements which enter into it; its selection as modified by one's age, occupation, physical condition

and residence. The principles of cooking are considered under these heads: Boiling, simmering, steaming, stewing, baking, broiling and frying.

NURSE TRAINING.

Lessons in nursing are given to the Junior and Middle Preparatory and first two Normal Classes, as follows:

Selection and care of sick room and furniture; nursing apparatus. Food for the sick. Administering medicines. Application of fomentations, poultices, etc. Baths, emergencies, symptoms, bandages, massage.

We have been unable to give theoretical instruction in this course for four years, but we hope for means to continue the work in the future.

GENERAL DOMESTIC WORK.

In addition to the activities at Foy Cottage, most of the general housework in the large boarding hall is performed by students who render daily service in the dining room, reception rooms, halls, sleeping apartments, kitchen and laundry. The ideas of neatness, order and propriety gained in these ways are of incalculable value.

Every year young women are received into the College laundry and kitchen, spending the entire day in active service, and attending the night school for literary instruction. In these ways they not only acquire valuable experience but accumulate a credit for future study in the day school.

LITERARY SOCIETIES.

The students maintain four literary organizations: the Cicero-nean and Philomathean for young men, and the Vesperian and Athenian for young women. Besides the training of the societies, public rhetorical exercises are held in the chapel under the direction of the Faculty.

LIBRARY AND READING ROOM.

The College Library occupies two rooms on the first floor of SWAYNE HALL and contains about 5,000 volumes. It is increasing in value, additions being made thereto yearly. The Theological Department, also, has in GRAVES HALL a Library of more than 2,000 volumes. Both Libraries are open daily to all students without charge. Files of some of the leading newspapers and magazines are to be found in the College Library.

LABORATORY AND MUSEUM.

The College possesses apparatus for lecture and class use in Physics and Chemistry, enabling pupils to do laboratory and other experimental work regularly and profitably.

A valuable collection of specimens has also been secured and classified for reference in the study of Geology and Mineralogy.

PRIZES.

To stimulate effort for excellence in rhetorical work, the following prizes are offered: First, to successful contestants from the Grammar Department, two prizes of free tuition for one year—one for the best declamation and one for the best recitation; second, to successful contestants from the Preparatory and Normal Departments, two similar prizes—one for the best oration and one for the best essay; third, one prize of books to the value of eight dollars for the best oration by contestants from the College and Theological Departments; fourth, two prizes—one of five dollars and one of ten dollars to successful contestants from all departments of the institution for the best essay on some theme in History, Philosophy or Literature. This prize was established in 1888 by Rev. J. M. Whiton, Ph.D., of New York, and essays prepared for the same must be handed in by 9 o'clock P. M. on the last Saturday in the Spring vacation in each year. For the other prizes a preliminary contest will be held in May, at which time two of each sex will be chosen in the first division above mentioned, two of each sex in the second, and two persons in the third for the final contest, which will take place on Monday of Commencement week in each year.

Recipients of book or tuition prizes will not be allowed to compete a second time in the same division; and the ten-dollar Whiton prize will be awarded but once to the same contestant.

LECTURES.

Lectures on literary, scientific and practical subjects are delivered by members of the Faculty and others from abroad, monthly, during the college year.

ALUMNI MEETING.

The Alumni Association was organized in 1882. This association has an annual meeting. It seeks to perpetuate acquaintance and strengthen fellowship by reunions and correspondence, and also maintains public literary exercises on the night of Commencement Day.

WANTS.

Without State aid, and relying entirely upon the gifts of the benevolent, the College has many needs. These may be summarized as follows:

1. **APPARATUS AND MUSEUM.**—The College is in need of additions to its Mineralogical Collection and Physical and Chemical Apparatus.

2. **LIBRARY.**—A few classmates and college friends of the late President began an endowment known as the "Yale Library Fund of Talladega College." As yet the fund is small, and its increase is earnestly desired. We solicit also books for the library, adapted for reference and for the entertainment and instruction of student readers, and current periodicals for the reading-room.

3. **PRIZE ENDOWMENTS.**—We have one endowed prize, established by Rev. J. M. Whiton, Ph.D., of New York, and from our treasury we provide other rewards for excellence in rhetorical work. All these prizes, and others, should be put on an endowed basis.

4. **STUDENT AID.**—The charges for board and room are made as small as possible, yet many require some help. This aid is extended only to the worthy, to some extent is paid for in work, and perhaps there is no surer or quicker way of doing good than by thus helping some promising student into a life of usefulness.

5. **LARGE SUMS FOR THE INDUSTRIAL DEPARTMENT.**—No instruction among the Freedmen is complete that does not sedulously care for industry. Skilled labor is rare, and the hand as well as the head require careful training. After moral and hygienic instruction nothing is more essential than lessons in labor and economy. The College farm needs implements and fences. The Slater shop should be enlarged and supplied with additional tools, and the printing office with a small press and new type.

6. **ENDOWED SCHOLARSHIPS.**—The following have been secured and more are greatly desired:

For Theological Students—

The R. R. Graves Scholarship of \$5,000, established in 1882, from the R. R. Graves estate, Morristown, N. J.

The Stone Scholarship of \$1,000, established in 1882, by Mrs. Nancy M. Stone and Miss Abbie Stone, of Jefferson, Ohio.

The John and Lydia Hawes Wood Scholarship of \$1,000, established in 1886, by Rev. John and Lydia Hawes Wood, of Fitchburg, Mass.

The H. B. Lincoln Scholarship of \$1,000, established in 1886, by H. B. Lincoln, of Worcester, Mass.

The William E. Dodge Scholarship of \$5,000, established in 1902, by the trustees of the Education Fund left by devise of the said William E. Dodge, of New York.

For Industrial Students—

The Dr. and Mrs. S. W. Howland Scholarship of \$1,000, established in 1901, by friends of Dr. and Mrs. Howland, the interest on which is to be administered by them and devoted to the aid of pupils who are receiving industrial training.

For other Students—

The William Belden Scholarship of \$1,000, established in 1882, by William Belden, of New York.

The Wm. C. Luke Memorial Scholarship of \$434.26, established in 1882, by the friends of the late Wm. C. Luke, of Canada.

The E. A. Brown Scholarship of \$809.25, established in 1886, by E. A. Brown, of North Bloomfield, Ohio.

The C. B. Rice Memorial Scholarship of \$380, by friends of the late C. B. Rice, of the Piedmont Congregational Church, Worcester, Mass.

The Barzillai Swift Scholarship of \$3,000, established in 1893, by devise of Mrs. Martha G. Swift, of Mansfield Centre, Conn.

The Ann E. Atkinson Scholarship of \$500, established in 1894, by Mrs. Ann E. Atkinson, of Moline, Ill.

The Eunice M. Swift Trumbull Scholarship of \$500, established in 1895, by devise of Mrs. Trumbull, of Mansfield, Conn.

7. **AN ENDOWMENT FOR SALARIES AND GENERAL EXPENSES.** A stable institution must have a constant income, and while the College needs to enlarge, it is in still greater need of invested funds to meet current expenses. In this a beginning has been made, giving promise of greater things yet to come. By gifts or legacies the following named persons have contributed to the endowment plan:

Mr. Benjamin DeForest, of Hartford, Conn.

Mr. John DeForest, of Watertown, Conn.

Mrs. A. L. Nourse, of Geneseo, Ill.

Mrs. H. T. Judd, of Cedar Falls, Iowa.

Mr. Horatio Bryant, of Independence, Iowa.

Mr. C. B. Erwin, of New Britain, Conn.

Mr. J. Henry Stickney, of Baltimore, Md.

Gifts and legacies for this purpose can be made to the American Missionary Association, in trust for the College; or if any prefer to send to the College directly, this may be done. The College is a chartered institution, and its corporate name is "Talladega College, Talladega, Alabama."
